Foreword

THE class of '34 is fortunate in graduating in the year of the Diamond Jubilee. This celebration has called from far and near members of the Alumnae, former teachers and students whose days at O.L.C. will be remembered as happy ones. There has been such a delightful atmosphere during this time of re-union that we, too, feel more strongly the ties of friendship and affection that bind us together, past and present alike. The old students were so interested in the prosperity and honorable renown of their Alma Mater we hope to make the Year Book one which they will love and cherish.

Though our experience is limited, the editorial committee has done its best to prepare a record of the outstanding features of this year at O. L. C. It is a stimulating belief that our Diamond Jubilee Book will be a source of reference to students of future days.

The mingling of happy voices and faces will long be recalled to our minds when we glance over these pages.

We desire to express our most grateful thanks to Miss Maxwell and Miss Flatt, whose assistance has been invaluable.

NANCY HOWARD.

College Song

Presented most affectionately by the Graduating Class of '25
to their Alma Mater.

*Dear old Trafalgar
Hear thou our hymn of praise
Hearts full of love we raise
Proudly to thee.
Thy splendour never falls,
Truth dwells within thy walls,
Thy beauty still enthalls,
Dear O. L. C.*

*Through thee we honour
Truth, virtue, loveliness,
Thy friendships e'er possess
Our constancy.
Thy spirit fills us through
So we'll be ever true
To our dear blue and blue
Of O. L. C.*

*O! Alma Mater!
How can we from thee part?
Thou only hast our heart,
Dearest of schools!
Thy glory we shall see
Wherever we may be,
Still love of O.L.C.
Our future rules.*

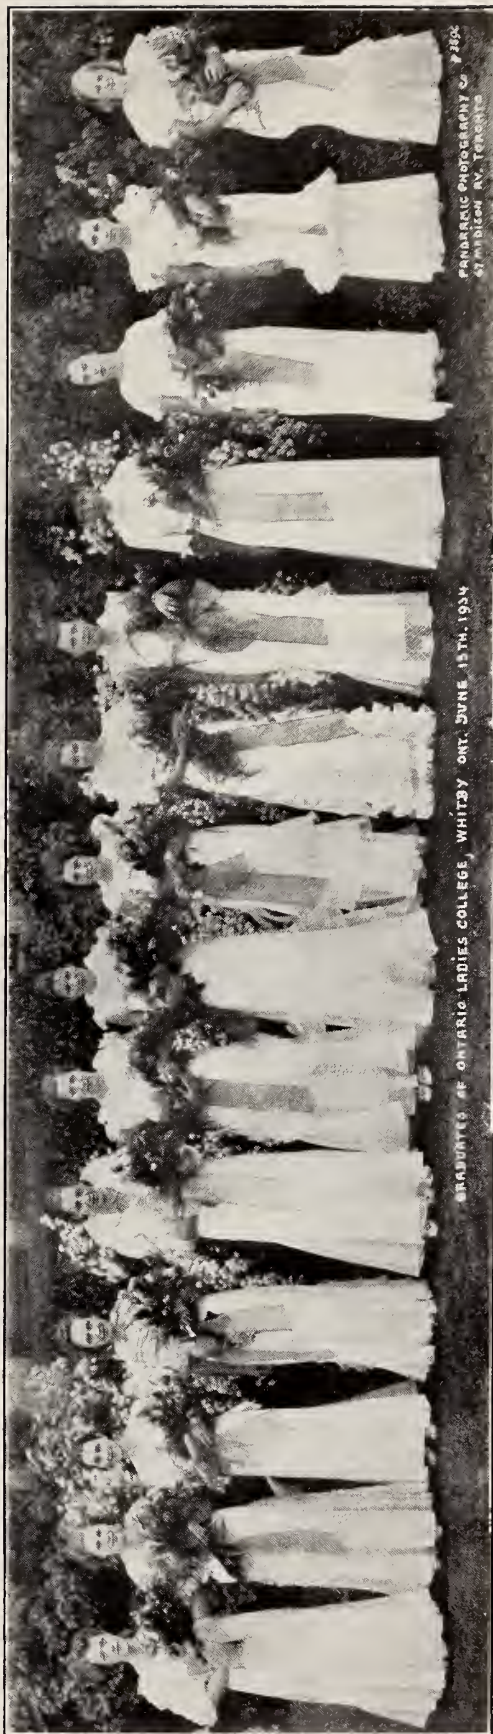

Senior Class Song

All hail Trafalgar, our love never alters,
We'll always be faithful to you.
Down through the years your memory we'll cherish
And our hearts will ever be true.
Far from the castle's protection
To thy affection we still shall hold,
Friendship so true, made while here with you,
Will guide us wherever we roam.

CHORUS:

Senior Class of thirty-four
We're loyal true as those of yore;
Our blue and blue we'll love forever more.
Our grateful song of praise we sing,
Our tributes of joy and truth we bring,
For our Alma Mater our songs shall ever ring.
Of the Junior Class we ask that in the future you will pass
This heritage of love and loyalty,
This will always be our aim—to praise thy name, to spread thy
fame,
For we're the Senior Class of O.L.C.

GRADUATES 1934

JANE HELEN CARSCALLEN

"How forcible are right words!"

Jane Helen Carscallen first became acquainted with Dr. and Mrs. Carscallen on January 12, 1916, in Chengtu, West China. As the reputation of O. L. C. reached her ears even in that far country, at the age of eleven she came to Canada and in the spring of '28 to O. L. C. Here she began her career as an elementary, and having passed through all the various stages, is now a Senior and the capable president of the class. Helen has taken a keen interest in sports, winning trophies for badminton and tennis, all the while maintaining a high academic standard. Also Helen shows no little talent in Dramatics, and we shall long remember her parts in the club plays and the class stunt. Helen's plans for the future are undecided, but may she have the best of luck!

Favourite Expression—"My hat!"

Hobby—Taking pictures, although lately it has changed to bicycling over the well-worn paths of O. L. C.

JULIENNE MARIE WARD

"To know her better is to love her more."

Julienne Marie Ward was born one bright spring day in April, 1916. She attended the Manitowaning Kindergarten, Manitoulin Island, at a very early age, and later the New Liskeard Public School. Leaving there at the age of thirteen, Marie entered the High School of that town, where she spent four happy years.

In the autumn of 1933 Marie began the long-contemplated journey to O. L. C., to continue her Senior academic studies and to complete her A.T.C.M. pianoforte examination. She has filled the position of vice-president of the Honour Club. Perhaps Marie will cultivate her musical talents at the Toronto Conservatory of Music, but whatever she undertakes we wish her luck.

Favourite Expression—"Oh Gee—eh!"

Hobby—Scrap book.

JEAN CHARLOTTE LUCIE McARTHUR

*"Sweet Creature!" said the spider,
"You're witty and you're wise."*

Jean Charlotte Lucie first saw the light of day in Lethbridge, Alberta, in July, 1916. Tiring of that city, she travelled to Edmonton and then longing for the far east and having cast an experienced eye around the countryside, she settled in the bustling metropolis of Whitby. Here she learned most of the essentials, with a few trips to South America for variety. Jean came to us from S. A. in the fall of 1931, and joined the ranks of the Mediums. Since then she has risen to the dignified position of secretary of the Senior class, which office she has filled very capably. Also Jean has shown a decided interest in the activities of the school and taken an active part in the tennis tournaments. Her plans for the future have not been settled, but in the light of her present achievements we are sure nothing can keep her from making a success of whatever she may try.

Favourite Expression—"Wait for me, Henrietta."

Hobby—Trying to sing.

DOROTHY GRAYCE HILL

*"Let us then be up and doing
With a heart for any fate."*

Grayce was born in Toronto on February 7, 1916. She received her early education at Queen Victoria and Humbercrest public schools and later Runnymede Collegiate. Last year she decided a change would be as good as a rest, and so she packed her trunk and came to O. L. C. Grayce is keenly interested in all sports, her favourites being riding, tennis and basketball. This year she had the honour of being elected counsellor to the May Queen. Grayce hopes to resume her studies at University next year, and we wish her the best of luck.

Hobby—Being amused by Kay.

Favourite Expression—"I don't know."

HELEN HICKS

*"Give me a look, give me face, that
makes simplicity a grace."*

Helen was born in Essex just before war was declared in 1914. After attending the Essex Public and High Schools she decided to join us at O. L. C. in the fall of '32. She has been studying the Commercial course and has been a very ambitious member of the classes of '34. Helen's interest is not only in Commercial, but in medicine, and when it comes to singing, she shows a real talent. We shall all miss Helen very much next year, but we wish her the very best of success in the future.

Favourite Expression—"Monkey-face."

Hobby—Singing.

NANCY HOWARD

*"Heart on her lips and soul within her eyes
Soft as her clime and sunny as her skies."*

To commence at the beginning Nancy first saw the light of night in Jamaica, Long Island, January 26, 1916. When she was old enough to wash behind her ears she tried out a few schools. First she attended Grammar and High School and then Utica Country Day School. Nancy heard that travel broadens one's mind, so she journeyed up to Canada and before she knew it, arrived at O. L. C. And it did broaden her mind (perhaps more for having a likeness for butter tarts). She has very capably filled the offices of Business Manager of the Athletic organization and Secretary-Treasurer of the Commercial Class and last, but not least, editor of the Year Book. In the years to come we wish Nancy just as much success as she had in her course of study with us.

Favourite Expression—"Have you seen Tommy?"

Hobby—Getting high marks in exams.

EILEEN NORMA JOHNSON

"Her stature tall—I hate a dumpy woman."

On December 6, 1915, Eileen Norma Johnson was born in Montreal. She attended Alfred Joyce and Mount Royal Schools, completing her second collegiate year there. In the fall of 1931 Eileen came to O. L. C. and was so delighted with the happy atmosphere that she returned last year as a Junior and now is a full-fledged Senior. This year Eileen has capably filled the position of School Captain and done remarkably well in the field meet. She also was a member of the first basketball team. To crown her Senior Year Eileen was chosen valedictorian.

And now college life awaits Eileen, for she plans to enter McGill University next fall, and may the best of luck attend her.

Favourite Expression—"Gollywoggles!"

Favourite Pastime—Thinking.

MARGUERITE ANNE KEYES

*"Midnight shout and revelry, tipsy dance
and jollity."*

Only a little wail among the booming guns of 1915 was Pegi, although she was born not in Europe, but in Winnipeg. As most children do, she acquired all the diseases peculiar to her kind, but she went the majority of them one better by having acidosis. In the intervals between attacks, Marguerite Anne attended St. Mary's Academy and Riverbend school in her own city. Then when the attacks ceased permanently, Pegi, rather worn out, was sent to O. L. C. to pursue her education seriously. This happened in 1931. However, academic work seemed too fast for Peg, so she changed her course to art. This year she is graduating in that course. Athletics seem to interest her, she plays on the second basketball team and is Vice-President of the Athletic Club this year. Pegi hopes to study either at home or in New York in the fall. Best of luck!

Favourite Expression—"Good-night all!"

Hobby—National defence.

ERNA JEAN LAING

*"Thou hast no speculation in those eyes
Which thou dost glare with."*

Erna was born on August 30, 1915, in Toronto, where she attended Howard Park and Humbercrest Public Schools, winning the general proficiency cup when she graduated. Later she was an active student at Runnymede Collegiate and this year her cheery company has been enjoyed by O.L.C. Erna has shown talent for music and dramatics and ability for academic work, besides excelling in the athletic field, being Captain of the Senior basketball team this year and obtaining her swimming instructor's certificate. Next year 'Varsity will claim Erna and we all wish her the best of everything there.

Favourite Expression — "Gee, that's nifty!"

Hobby—"College Specials."

MARGARET AUDREY McTAVISH

*"Those thousand decencies that daily flow
From all her words and actions."*

January 1, 1913, was the first birthday of Margaret Audrey McTavish. She was born in Regina, Saskatchewan, and at the age of eight, came to the fair city of Oshawa. Here she attended the Oshawa High School, and obtained part of her Junior Matriculation. In the year 1929, Audrey decided to come to O. L. C., and here, half completed her Senior Matriculation. This year we again see her with us, graduating in a Commercial course. She is also capably filling the position of Secretary-Treasurer of the S. C. M. Audrey is leaving us this year, with the intention of applying her newly acquired knowledge in some business house. We sincerely hope that she may make a huge success of her future.

Favourite Expression—"Oh Nuts!"

Hobby—Music.

JEAN MEIKLE

"The world is too much with us."

Jean made her first appearance in Morrisburg, Ontario, on December 23, 1914. She travelled the paths of learning through Public and High Schools, completing her Junior Matriculation, and in the fall of '32 decided to see what a boarding school was like. So Jean packed her bag and baggage and arrived at O. L. C. Last year Art and Vocal took up most of her time and this year she graduates in Art. Jean has kept up her interest in singing, taking Junior work in Vocal.

Favourite Expression—"Oh, Spit!"

Hobby—Stubbing her toe on the art studio furniture.

WILLENA MAY NICHOLSON

*"Where dwellest thou?"
"Under the canopy."*

On May 9, 1916, another newcomer entered this world and greeted it with a cheery cry in the noble city of Toronto. The year 1922 found Willena beginning life's great adventure at Dewson St. School, but she found that Normal Model better suited her venturesome spirit. From there she went to Humberstone Collegiate for four years. We are glad that the fifth found her wending her way Trafalgarwards. In the realm of sports she has excelled in swimming and basketball. Willena has also filled her position of secretary of the Honour Club council most efficiently. Whatever be her plans for the future we wish her all luck and good fortune.

Favourite Expression—"Out at the cottage."

Hobby—Swimming.

MARION SLEMON

*"How blest is he who crowns in shades like these
A youth of labour with an age of ease."*

"Slemon" was born on February 10th in 1915 in the flourishing town of Bowmanville. She went sailing through the Public and High Schools of that town and in the fall of 1933 decided to journey to O. L. C. to take some Senior Matriculation subjects. Marion has been working hard at her piano also and has passed the Intermediate Grade. She has a yearning toward singing and has been studying Vocal too. "Slemon" has very capably filled the position of secretary of the Athletic Club this year. She is planning to attend 'Varsity next year, and here's to the best of luck in whatever she may undertake.

Favourite Expression—"You smut, you!"
Hobby—Eileen.

HELEN STOUT

"A horse, a horse, my kingdom for a horse!"

Helen arrived in Crosby on September 16, 1915. There she attended Public and High Schools. Like a lot of other girls she heard about a wonderful College at Whitby. Being of an inquisitive nature she wanted to know all about it, and when she did, she would not rest in peace until she enrolled here as a student. She entered the Commercial Class and did very well, so came back again this year to graduate. Helen is interested in sports and is very enthusiastic about riding. She goes out this year from our midst, and may we wish her the best of success.

Favourite Expression—"That's what you think!"

Hobby—Riding.

The Senior Dance

Many hearts throbbed, more cheeks blushed and most people enjoyed themselves 'neath the red and white streamers and gay multi-colored balloons on the night of February 24th, 1934. This was the big occasion of the year—our annual Senior At-Home. Everyone felt at home and likewise enjoyed themselves.

Having passed through the receiving line which consisted of Miss Maxwell, Honorary President of the Class, Dr. and Mrs. Carscallen, Miss Dorte Glahn, class teacher, and Miss Helen Carscallen, class president, the guests danced away the hours to the music of a snappy eight-piece orchestra. The programs were previously arranged by the girls and were varied by Paul Jones, Tag, and Balloon dances. Being near Valentine's Day, we had an interesting Heart Novelty dance. Girls and boys were passed fragments of cardboard hearts with names of countries on them. When countries were paired off, the halves matched and the couple danced.

Supper was served in the Common Room, a very welcome and delicious repast, after which we tripped "the light fantastic" again. As the delightful evening closed, feet were ready for bed, but not so minds and hearts.

We don't ever reminisce about the dance do we girls???

The Senior Stunt

This year the Seniors attempted the staging of a light musical comedy—"The Gypsy Rover"—for their annual stunt night. A lot of hard work was put into this and under the most excellent musical supervision of Miss Louise Golden and dramatic direction of our class teacher, Miss Dorte Glahn, a most entertaining and worth-while stunt was produced. Marion Slemon as Lady Constance in the leading female role showed no bashfulness or lack of experience in the love scenes with Rob, the Gypsy Rover, admirably portrayed by Eileen Johnson.

There were also pretty love affairs between Nina (Jean McArthur) and Capt. Jerome (Willena Nicholson), Zara (Peggy Keyes) and Sinfo (Betty Toone), a gypsy dance by Zara, and many comedy scenes by Sinfo and Marto.

The whole stunt was mingled with stirring and snappy tunes to say nothing of passionate love songs. That memorable evening ended with assorted sandwiches, tea and chocolate eclairs served by the Seniors.

*"Though we must say adieu,
We'll return to you . . ."*

The Senior Dinner

This year the Senior Dinner was held on Friday, April 13th, and the spacious dining room was transformed by festive decorations. The Junior Class decorated it very attractively and each table with its bouquet in the colour of individual classes was represented, the most charming table being that of the Seniors, where daffodils and green carnations in black holders were used to mark the Senior colors. At each place were favors—wagons loaded with candies drawn by dogs also represented in Senior colors. Each Senior was given a sterling silver coffee spoon engraved with O. L. C., as a remembrance of the happy days spent here.

The evening began with a delicious chicken dinner, specially planned by Miss Wallace. Everyone enjoyed it immensely but a few seemed preoccupied. Perhaps they were the ones who had something to say later. Dr. C. R. Carscallen, the toast-master, began by toasting the King. The other toasts were as follows:

Class Day

Class Day was held on Saturday, June 9th. The Juniors made a very attractive chain, despite the scarcity of daisies. At three o'clock the graduates entered the Concert Hall in caps and gowns, linked together by the chain. After each biography had been read by Hildegard Goodfellow, the Junior Class President, Margaret Allan cut the chain. Then Marion Slemmon read the Class Prophecy and Eileen Johnson delivered the Valedictory. The Seniors presented the school with a pair of silver candlesticks to be placed on the mantelpiece in the Common Room. The Junior class gave a delicious dinner for the Graduates in the Household Science room. After a student recital, the school and house guests assembled around the bonfire to watch the Seniors throw in the books they most disliked, accompanied by an appropriate verse or song. Challenges and songs brought the evening to a close.

Baccalaureate Sermon

On the evening of June 10th, our annual Baccalaureate service was held in the United Church. Members of the Alumnae and the rest of the school preceded the Seniors, in caps and gowns. The pews had been attractively decorated by the Junior Class with white flowers and the Senior pews with white ribbon; as the graduates filed in, the ribbons were cut by the Junior President, Hildegard Goodfellow. The Baccalaureate sermon, delivered by Rev. R. P. Bowles, Chancellor Emeritus of Victoria College, brought inspiration to the hearts of graduates and others alike. As the Seniors entered the stately Main Hall and heard the strains of "Saviour, again to thy dear name we raise," their minds were filled with the text of the sermon, "Let thy heart cheer thee in the days of thy youth."

The Senior Breakfast Party

Thinking of the coffee pot left us by last year's graduates, we held a second breakfast party down by the creek. The Senior Class met at 7.30 to try their luck at cooking. Our meal was prepared in the regular camping style and enjoyed by all.

Tommy's Dance

If you're staying for exams, or your people have not been on hand to take you away amidst a pleasant whirl of congratulations and goodbyes, the hours after Commencement are rather flat. There are the movies, of course, but this year there was Tommy's dance for the graduating class and were we thrilled! Just when dusk began to fall, the cars rolled up and away we went, pleased and excited, to beautiful Arncliffe. Tommy made a delightful hostess and knew just what we liked in music and refreshments, and the time went all too quickly. This is the first event of the sort for the graduates, and we want it to have a special place in our Chronicle.

Senior Class Prophecy

MARION SLEMON

"You've made a hash of your life!" My tormentor's piercing eyes burned into my own and I fancied I could feel myself gradually shrivelling and shrinking to a mere puppet of my human self. To think that I had spent no mean sum of my precious money to have this uncanny woman tell my fortune, and instead of prophesying the future she had dug up my past and thus filled me with a bitter self-contempt! The torturing voice went on. I tried to close my ears to it, but could not. "You, at twenty-nine years, should be in your prime --". This was uttered with such emphasis that the veil which had hidden half her face slipped down. I gasped, for as I now looked into her face I saw that one of those compelling eyes was brown, the other, grey. Instantly my eyes went to her long hand and found what they sought—a tiny mole on the third finger. No longer did I stand in awe of this woman. Tears of joy sprang to my eyes as I cried, "Eileen Johnson!" Of course she had recognized me and had tried to make me feel badly and had succeeded. As we talked of O. L. C., the Senior stunt, the Senior dinner, of the good times the whole Senior class had enjoyed together, we began to think of the other members of the graduating class of 1934.

Suddenly an idea seized my friend. "Let's find out what our old friends are doing now, by means of this." She pointed to the crystal globe. My knowledge of crystal gazing was limited, however, we put our heads together over the mysterious globe. At first I could see nothing, but gradually, with Eileen's voice helping me, I began to see dim figures moving.

The first figure which we could distinguish was standing in front of a microphone, evidently expounding her theory on some weighty matter—we recognized in surprise our old friend Erna Laing.

Then, as is the great advantage of crystal-gazing, we were able to jump to a district in South America where our eyes sought out a group of children. In the centre of the group stood a woman holding in one hand a large bottle, and in the other a spoon. Our attention was drawn to the woman and, of course, upon close inspection we recognized Jean McArthur. We were rather puzzled as to what Jean was doing—then we spied a plate on which was inscribed in bold letters, "Dr. J. C. L. McArthur, Specialist in Children's Diseases."

Peggy Keyes was our next discovery. We found her in front of an elaborate dressing table applying finishing touches to a striking costume. On her door we could read the inscription, "Zara, Private." Thus we could see that Peggy still cherished memories of O. L. C., though she had won fame as a dancer.

Another friend we found in an entirely different environment. She was in her garden busy with clippers and followed, whenever she took a few steps, by three children, the smallest of whom clung to her skirt. Grayce Hill it was who gazed so fondly down at the little group.

We became so interested in finding out what our old friends were doing that we decided to locate the rest of our class and pay a visit to them personally. We were anxious to find out what had become of our class president, Helen Carscallen. After much inquiry, we were informed that Helen had won a prize given by the Kodak Company which entitled her to a trip around the world in search of a photograph to be called the "acme of femininity."

Next we visited Audrey McTavish, who had succeeded her father as sales manager of the General Motors in Oshawa, after her unusual ability in that line had been discovered.

We found Willena Nicholson doing a good work in High Park School in Toronto, where she was helping a multitude of weak, undernourished children to become strong and healthy.

Quite unexpectedly we came upon Helen Stout in a New Ford model. She hardly had time to talk to us, she breathlessly explained, she had an appointment with the president of Retail Groceries Association, who was considering taking large orders for the three new breakfast cereals just on the market—Pep, Push, and Personality—from the Kellogg Company, for which she was travelling.

Marie Ward welcomed us to New Liskeard, where she was happily bringing up her two boys and vainly trying to discourage their growing interest in alarm clocks. Marie informed us that she had heard that Helen Hicks had undertaken to train Merlin junior to bring her her breakfast in bed each morning.

Our travels took us across the border, where we located more of our classmates. Jean Meikle was teaching in the Twentieth Century Art School in New York. Nancy Howard, having acquired a taste for bookkeeping, was holding the responsible position of accountant to the minister of Finance in the White House.

How glad I was that I had gone that day into the fortune teller's, for it had brought me much joy and happiness to renew my friendships!

Haledictory

For sixty years our Alma Mater has been sending forth her daughters to take their places in the world. Sixty years in life is a long time, and many changes have taken place within these walls since O. L. C. was first established. There are bound to be changes in sixty years. We have been benefited by some of the mistakes of our predecessors, we have outgrown some of their ideas, but we cannot improve on their ideals.

We are bound to those first graduates by the tradition of honour and fidelity which they have passed down through the years to us, and which have grown more beautiful with age and use. These are the things which will never change and will bind us alike to those who have gone before and those who are to come after. Our inheritance must be won by effort and cherished with devotion—and we hope that we have borne ourselves worthily in the eyes of those who have maintained these traditions in the past.

This, then, is the inheritance we are leaving to you Juniors, who have been our true friends, and since we must pass it on, we are glad that you are the ones who are to receive it.

Only those who have stood where we now stand can fully realize what graduation means to us. We are reluctant to leave, and yet we cannot help wondering what the future has in store for us. We should be able to face it fearlessly, for our Alma Mater has given us a firm foundation upon which to build. And we would thank our principal, Dr. Carscallen, our Honorary President, Miss Maxwell, the Faculty, especially our class teacher, and the other classes who have done so much to make this, our last year here, a happy one.

We pause on the threshold and glance back into these dear old halls so full of memories and of hopes—but the last stage of our journey has come, and so

*"Filled with sad and gay
We pass unto the further day."*

Junior Class Officers

CLASS TEACHER	-	-	MISS SIBLEY
PRESIDENT	-	-	HILDEGARDE GOODFELLOW
VICE-PRESIDENT	-	-	MARGARET ALLAN
SECRETARY-TREASURER	-	-	CATHERINE ROBERTSON

HILDEGARDE GOODFELLOW was born on March 16, 1919, in the big city of Toronto. Soon we find her in Whitby, but only for a short visit. Branksome claimed her, but the "call of the wild" found her at O.L.C. As Junior President Hildegard has filled the position very capably. She takes a keen interest in sports, playing on the first basketball team and winning cups for Badminton singles and doubles. When Hildegard returns to graduate next year it will be her sixth at O.L.C. Here's to her success!

MARGARET ALLAN arrived in Toronto about 1917 and has been very much alive ever since. She went through the usual routine of getting educated and finally decided to travel Trafalgarwards last fall. Toots has filled the position of vice-president of the Junior class capably and also has shown a keen interest in sports, playing on the first basketball team, taking an active part in the field meet and being runner-up for the Badminton trophy. Toots is planning to return next year to graduate.

CATHERINE ROBERTSON was born November 1, 1917, in Milton. After attending a private kindergarten for two years she began her career at Milton Public School. From there she went to High and last fall came to O. L. C. through curiosity. She has filled the position of secretary-treasurer of the Junior class. Cay has taken an active interest in sports, entering the field meet, also playing badminton and tennis with enthusiasm. She is undecided about next year, but may she have the best of success.

DOROTHY CORBETT was born in Regina, Saskatchewan, on March 7, 1914. She attended Victoria and Lakeview Public Schools and Central Collegiate. In the fall of '32 she arrived at O. L. C. to study some Matriculation subjects along with music and interior decoration. This year found Dorothy keenly interested in music but also finding time for art. She has shown her interest in sports, tying for second place in the field meet. Dot is not coming back next year but we wish her every success in whatever course of study she may undertake.

MARJORY DAWSON was born on April 22, 1917, in Guelph. The lure of Milton was too much for her, so she moved bag and baggage to that town. Marj. attended the Public and High Schools there and in the fall of '33 came to us at O. L. C. She has been a loyal Junior, taking an interest in the activities of the school and has been the capable president of the Clef Club. This year she has attained her Intermediate Vocal examination. Marj. expects to come back to join the ranks of the Seniors of '35 and may she have the best of luck!

RUTH EAKINS was born on May 3, 1917, at Port Arthur. There she attended public school and Collegiate, shining in basketball and badminton. Then her family sent her forth to see the world and so we find Ruth at O. L. C. This year she captured the Senior Championship in Tennis and brought honour to the Junior class by being first on Field Day. Swimming plays a large part in Ruth's life too. Not only in sports but in Household Science does she cover herself with glory, winning a prize for the greatest progress during the year. Ruth's plans are uncertain, but we hope to see her back with us next fall.

ANNE ELMORE was born in Springville, Ontario, on September 1, 1913. Anne received her entrance at John Fisher and later took up study at Havergal. At a later date Anne attended North Toronto Collegiate but soon O. L. C. claimed her. She entered our Junior class and has been a hard-working member. She has taken an active interest in sports, entering the Field Meet and playing Badminton enthusiastically. Anne does not expect to be with us next year but we wish her the best of luck.

JEAN FORBES was born December 21, 1914. In 1931 Jean entered O. L. C. as a Freshman. She returned this year as a Medium, but luckily for us changed her course to Secretarial. Having won a certificate in her Secretarial course we hope Jean will return next year to graduate in the Commercial department.

URSULA GREENE arrived in Peace River, Alberta, on August 1, 1914, where she attended school for some time. Her next stopping place was Llanarthney Boarding School in Edmonton. Then Ursula decided that she wanted to come east and so she spent two years in Kitchener-Waterloo Collegiate, and this year came to grace O. L. C. with her presence and to complete her Matric. Ursula is a girl of many talents. She is a conscientious and clever student in her academic work and art, and in athletics she excels, winning the numerals in the field day meet. Ursula's plans for next year are indefinite, but we sincerely hope to have her with us as a Senior of '35.

ELIZABETH HARRISON was born May 11, 1917, in the flourishing town of Acton. She received her education in the Public and High Schools of that town and in the fall of 1933 came to us to complete her Junior Matric. Beth has taken an interest in all the activities of the school, winning the prize in penmanship and taking up photography as her hobby. We are glad to hear that she intends to return next year to graduate.

LUCY HORTON was born in Vancouver in 1917. She moved to Oshawa, attending B. B. C. and Oshawa Collegiate and in the fall of 1933 came to O. L. C. Lucy must believe that variety is the spice of life, as this is the fourteenth school she has attended. She has shown her interest in sports, playing on the second basketball team. Lucy's plans for the future are uncertain but we wish her the best of luck.

MARGARET KEITH was born February 25, 1916, in Edmonton and three years later moved to Winnipeg, where she attended River Heights School, Gordon Bell Junior High and finally Riverbend. In the fall of '31 Marg. came to O. L. C., and has lent us her cheery presence ever since. This year she has capably filled the position of president of the S. C. M., and as an additional honour and one greatly to be coveted, she was elected the holder of the Strathcona Shield. Marg. expects to return to us next year till Christmas and may she have the best of success.

MARGARET MOWAT was born on October 23, 1913, in Whitby. She attended the public and high schools of the town and in 1932 came to O. L. C. as a Medium. This year she returned to us as a Junior. We do not know what her plans for next year are but we hope to have her with us again.

MARY PARKS was born in Picton, Ontario, on August 29, 1913. After attending East Lake Public School and Picton Collegiate, she came to O. L. C. in the fall of '32. Mary has had the honour of being elected Councillor on May Day for two years in succession. Her chief interest has been music and we hope she will return next fall to complete her A.T.C.M.

HELEN PARSONS was born in Toronto on August 12, 1914. She attended Deer Park and Huron Public Schools and then Branksome Hall claimed her for three years. In the fall of '31 Helen journeyed to O. L. C. and became a hard-working Medium. This year she has taken a keen interest in Badminton. Helen hopes to return to graduate and here's to her success!

JEAN PEEBLES came to us from Hamilton and joined the ranks of the Junior Household Science class. "Peebles" has taken an interest in all the activities of the school and we shall miss her deep voice around the halls next year, if she does not return to us. However, here's to her success!

ANNALUISE RAUE was born November 3, 1917, in Edmonton, and has been alive and kicking ever since. Ann has been a cheerful and hard-working member of the Junior Household Science class, winning the prize for highest standing in that class. Ann has taken an interest in sports, although not playing an active part, but we have always been able to count on her being there to cheer us on. Annalouise is not sure what her plans are for next year, but we hope to have her return as a Senior of '35.

PEGGY SMITH was born in Hartford, Connecticut, on December 5, 1912, where she attended school. Peggy came to O. L. C. and took an elective course. Riding and swimming hold a great interest for her. Peggy's plans for the future are undecided, but she does not expect to return. Best of luck, Peggy!

PHYLLIS VAN DEN BERG was born in Winnipeg, Manitoba, about 1916, where she spent the first six years of her life. Feeling an urge for travel she travelled to a great extent. Phyl came to us last fall and has been taking art. She expects to study Art in New York or the old country and our best wishes go with her for the future.

SECRETARY-TREASURER	CATHERINE TEES

This year has been an enjoyable one for all of us. Our impromptu stunt "A Trip Through Hollywood" was of course the outstanding feature of the year. I suppose the usual thing to say is "we hope you enjoyed it as much as we enjoyed putting it on" but we really do! It could not have been done without Miss Patterson and "Connie."

During the year the Freshman Class has done its best to uphold the high standard of the class. Thanks to Mrs. Heard, our class teacher, we feel that we succeeded in our stunt which was meant to "take off" in pantomime members of the faculty and of the student body.

MAY QUEEN

May Day

For the first time in years May Day actually dawned bright and clear with no signs of rain. At 10 o'clock the school and friends assembled in the Concert Hall to hear an address by Mrs. Plumptre. Then came the usual suspense of elections and out of the excitement which followed the results announced were that Betty Toone was chosen May Queen and Grayce Hill and Mary Parks her councillors. The May Court consisted of a group of little girls from Whitby and Oshawa, Carolyn Carnwith, Joan Canning, Catherine Burr, Marian Rowe and Diana Burns, all children of old students. The Crown was placed on the Queen's head by Mrs. Plumptre. Under Miss Glahn's supervision the May Day exercises were performed in honor of the May Queen. In the afternoon the usual picnic was enjoyed in the usual way and movies in the evening brought another May Day at O. L. C. to a happy close.

School Notes

The Christmas Pageant

The third annual Christmas Pageant was one of the most outstanding features of the year. The dining room was attractively decorated with streamers and bells and lighted with candles and the tables were arranged in the shape of a horseshoe. We welcomed as guests Mr. Atkinson's Choir from Toronto, members of the Board of Directors and other friends.

The Boar's Head procession was the most important feature of the evening. First came the agile Jester, the Bowman, the Cook, the Bearers carrying the Boar's Head, the Cantor, Candlelighters, Minstrels, the Three Kings, with Pages, King Wenceslaus, Page and Peasant, Holly and Ivy and the Dancers. The youngest girl lighted the candle of the Senior President, and she in turn lighted the large yuletide candle. During the delicious chicken dinner we were entertained with musical and humorous numbers by the visiting choir.

After dinner everyone gathered in the concert hall, where a pantomime of the Three Wise Men was given, with carols and vocal numbers. And so ended another Christmas Pageant at O. L. C.

The Okticlos Club

PRESIDENT	KAY HADDEN
SECRETARY-TREASURER	MARY PARKS
SOCIAL CONVENER	MARIE WARD

We have not been as active as usual this year, but have started the new practice of having each member perform at the meetings which were held nearly every Tuesday from 5 to 6 p.m.

The first meeting took place on January 27th, with a very interesting programme. We all feel that these meetings each week have helped us a great deal in our playing and appreciation of music, as Mr. Atkinson gave us several extremely interesting lectures on "music appreciation."

Our final recitals on June 8th were very successful; excellent talent was displayed in these fine programmes of piano and vocal selections.

The piano examinations of Solo Performers A.T.C.M., Teachers A.T.C.M., Intermediate, Junior, Primary and Introductory were successfully tried; also Junior, Intermediate and A. T. C. M. vocal exams.

We extend our grateful thanks to Mr. Atkinson and Miss Golden for their great interest in us, and help during this year.

The Clef Club

HONORARY PRESIDENT	MISS LOUISE GOLDEN
PRESIDENT	MARJORIE DAWSON
SECRETARY-TREASURER	ELIZABETH HARRISON

According to the rule that all good things must come to an end, our Clef Club held its final meeting Sunday evening, June 3, in the Okticlos. We were very pleased to have a number of guests with us.

The following girls took part in the programme: Elizabeth Harrison, Erna Laing, Nancy Howard, Ruth Eakins, Mary Kendall, Marion Horne, Constance McCloskey, Florence Roper, Helen Hicks, Verna Kinman and Marjorie Dawson. At the conclusion of the programme light refreshments were served, which, needless to say, were enjoyed.

Miss Golden, our honorary president, is always willing to help us in any way, and we all know that our success has been due to her faithful and helpful guidance. We are very grateful to her, and know that the club will continue successfully if it remains under her direction in the future.

The Dramatic Club

PRESIDENT	HELEN CARSCALLEN
VICE-PRESIDENT	TOMMY ARNOLD
SECRETARY-TREASURER	CATHERINE ROBERTSON

Our year has been a most successful and interesting one, owing to the careful instruction and guidance of Miss Patterson. Our club made its debut at the Halloween festival, where we presented an amusing and weird play entitled "The Purple Bedroom."

Also at Christmas we gave a small representation of the Christmas story. On April 20, the members played in "A Kiss for Cinderella," by J. M. Barrie, which was perhaps our best production. Altogether we feel that our year together has been a very happy and successful one.

Household Science

The reputation of O. L. C. Household Science has indeed travelled far. In our ranks we have had representatives from Hartford, Conn., Edmonton, Port Arthur, and last but not least, Hamilton and Toronto.

The S. C. M. Bazaar made us all "stuck up" while we were busily engaged in candy making. The candy sale proved to be a real success, about 30 pounds having been sold. Also, a most attractive tea was served by this department in the common room.

A little later, "early birds" could be found diligently preparing "breakfasts" and acquiring a becoming "morning smile" behind the coffee pot. Lunches followed shortly. With last minute haste, eyes scanned the newsboard for suitable topics of conversation. At times amused glances were exchanged in the dining-room as the odour of burnt muffins filled the air, followed quickly by the opening of kitchen windows.

While no brilliant successes have been achieved this year decided and most gratifying progress has been made by all. Let us hope this is merely a beginning and a foundation for more and better work next year.

M. S.

Commercial Class

We, the Commercial Class of '34, being of sound mind and memory, do hereby bequeath unto the Class of '35 et al. the following goods and chattels.

First: A feast. Cheese and crackers. A pyjama-clad group met in Helen Hicks' room to elect officers.

Second: A tea. On June 17 we went to the Picwick Arms where an enjoyable time was had by all.

Third: A tea. To recuperate from exams. Audrey McTavish entertained us at her home in Oshawa.

We also bequeath the one honour which fell to the Class: That of winning in Badminton Doubles.

And lastly, but not leastly, Miss M. H. Willson, who with her expert guidance and good sportsmanship has done her best to improve our speed and figures.

Signed, sealed and delivered this 13th day of June, 1934.

PRESIDENT	HELEN HICKS
SECRETARY-TREASURER	NANCY HOWARD
SOCIAL CONVENER	JEAN FORBES

Art Department

The year 1934 has witnessed a great variety of productions. Whether it is the result of a goodly number of technically advanced students—or whether the whole class has been riding on the wings of enthusiasm, I cannot say.

More than any other year of my experience in the school the work typified Canada both at the beginning and end of the year. Murals of Canadian animals and landscape met with much approval and were included among the exhibits which Mr. Lismer took to South Africa. At the end of the year we spent the most profitable time of all in out-door sketching. Nothing is so vital to an artist as that which is living in the light of the out-of-doors.

In the winter we accomplished a theatrical production of French-Canadian customs, dances and folk-songs, which were set off by thirty or so costumes and four stage sets—a Habitant Interior, the Town Crier, a domestic scene with a bake-oven and a Shrine and Church scene.

All year long we carried on a regular study of history of art and balanced it with contemporary ideas of commercial art such as posters, etc. Whenever possible we also drew from models.

The development of personality is a natural outcome of any art course. At the outset, for example, in stage-set construction, some started right in saving up wood, cutting away at cardboard and paper and glueing bits of this and that together with amazing imaginative thought and daring—while others linger on and fairly lose their creative stimulus by being too deliberate.

In my fourteen years' experience in the field of art study and education I am fully convinced that no school or teacher, however good or bad, can plant the seed of creative genius in any human being. In pianoforte study the laws of form of construction always run alongside of the emotional creative effort—while in painting or modelling in clay nothing but the depth of the artist seeing and feeling impell him to work. This explains the joy of the primitive and the child when he draws or models and believes at the same time that he is making something live.

It was interesting to note that Art Schools originated in the nineteenth century when they began as a protective necessity against commercial production. From that time on it is a long story of attempts to reinstate the artist in his true position relative to production. One of the greatest creative schools of art was formed in Vienna in 1921. Germany can also boast of a close relationship between art and industry. The directors of the latter are often men of note in some practical field of art. Over here in Cleveland also a similar relationship exists between industry and art.

We Canadians cannot but be affected by the same trend. When we ban the art school and endeavor to put into practice the ideas we have assimilated we shall find that they are of value to us in any activity in which we may engage.

Strathcona Shield

This year the school assembled in the concert hall on the evening of June the first and was addressed by Miss Olive Ziegler, who stressed the qualities of true sportsmanship in the Canadian girl. Her well-chosen and inspiring words were a fitting prelude to the election of Margaret Keith as this year's winner of the great honor. A reception was then held in the Common Room in honor of the guest speaker and Margaret.

Another year has passed and another year's triumphs and defeats are to be recorded in the annals of the S. C. M. It has been a very active year and some events in particular stand out because of the pleasure they have given. One night in the fall we transformed the Concert Hall into a play room and had a very merry evening of progressive games.

We shall always remember the Christmas Bazaar, not only because of all its gaiety and bustle but also because of the splendid co-operation of everyone which helped to make it a success. And by its success, through our contributions to various organizations, we were able to fulfill our part in some measure at least, as a very small unit of the great Student Christian Movement. We visited the House of Refuge before Christmas and only hope that our Christmas cheer brought the residents some enjoyment.

We endeavored to carry out the idea of Internationalism during International Week by our week-end conference. We were very fortunate in having among other guest speakers Miss Gertrude Rutherford.

The Chapel services throughout the year have been interesting and enjoyable, particularly at Christmas and Easter.

The Honour Club at the beginning of each year is quite a puzzle to the majority of the students; however, they soon learn that it is our self-governing system, and to enjoy life to the full it is necessary to obey its rules.

Sad to say, there are occasionally some students from whom privileges must be withdrawn and it is this disagreeable job which falls to the lot of the Council.

Sometimes the students forget about the Honour Club and its regulations, but soon wake up to the fact that it is still in working order when they see an "N. M." on the Mail List.

The Honour Club may be likened to a well-constructed ship setting out for a distant port. If a storm arises no matter how well that ship is built it needs the support of its crew to bring it safely to its goal, so the Honour Club council this year has reached its goal and lived up to its aims through the support of the students and the advice given us by our Faculty Members.

The Athletic Association has had a very successful year, with the executive enthusiastically supporting every activity. The first Friday evening of the school year the usual Athletic reception was held to welcome the new girls. The second Saturday after the Christmas holidays was marked by the Athletic Tea dance.

There has been keen interest shown in basketball and several good games were played. The first, O. L. C. vs. Hatfield Hall, was played at Cobourg between the Senior teams—Hatfield winning. The second game, O. L. C. vs. Loretto Abbey, was played in Toronto. The O. L. C. Senior team won their game, and the Loretto Junior team won theirs. The third and final game of the season O. L. C. vs. Hatfield Hall, was played at O. L. C. Two teams played, O. L. C. first team winning and Hatfield second team winning. The players of the Basketball teams are here put on record:

First Team: Jumping centre, E. Johnson; side-centre, M. Slemon; forwards, E. Laing (Captain), K. Hadden, M. Allan; guards, W. Nicholson, H. Goodfellow, T. Arnold.

Second Team: Jumping centre, J. Peebles; side-centre, C. Robertson, L. Horton; forwards, R. Eakins, G. Hill; guards, A. Raue, P. Keyes, M. Keith.

In Badminton there is ever-increasing interest and enthusiasm. We played Loretto Abbey in singles and doubles, winning in the singles and one set of the doubles, losing to Loretto in the other set of doubles. Our club also played the Sherbourne Street Church club in round robins, they being our guests here on the first occasion, and we spending a charming Saturday afternoon as their guests in Toronto.

Alumnae Day

On Monday morning, June 11th, the annual spring swimming meet was held. The events were open to all and there was much competition. The Gold Medal for highest proficiency was won by Eileen Johnson and the Silver Medal for second highest proficiency by Phyllis van den Berg. Marian Slemon received the school numerals.

In the afternoon after the registration, tea was served in the Common Room to the Old Girls and Alumnae by members of the Faculty.

In the evening there was an old girls' concert which consisted of organ, piano and vocal numbers. This was followed by a play presented by former pupils of Miss Ball. This play was very amusing, especially to the alumnae, and was made more charming by the clever acting of the cast.

Reminiscence Day

On June 12th a swimming meet was held in which both old and new students participated. Most of the events were open to all, swimming for style and speed, stunts, novelty races, diving. There was keen competition, even though the new girls won by a large margin.

At four o'clock on Tuesday afternoon the house guests, alumnae and students assembled in the gymnasium, where tea was served. An outstanding feature of the afternoon was the presentation of gifts from various Chapters and from individuals

interested in the college. The gifts were presented by the presidents of the Chapters and were received by Dr. Carscallen, Miss Maxwell, and several of the directors on behalf of the College.

Castle Chapter, Whitby—Two Silver Tea Services with trays.
Montreal Chapter, Montreal—Lamps and chairs for the Common Room.
Ryerson Chapter, Toronto—Books and Stage Curtains.
Trafalgar Chapter, Toronto—Library Desk and Oil Painting.
Ottawa Chapter, Ottawa—\$50.00 Scholarship.
College Chapter at large—Substantial Cheque.

ALUMNAE GIFTS

Taka Price—Japanese Picture and Stationery.
Hana Fukuda—Pair of satsuma ware vases.

There were also very suitable and much appreciated gifts given by Mrs. John Rice, Toronto; Mrs. Matthew Holden, Toronto; Miss Norah Holden, Cartwright, Labrador; Miss Moore, Toronto; Mrs. Caro Frances Fee, Los Angeles; Miss Mary Rowell, Toronto, and cheques from Miss Mary Rowell, Toronto; Miss Burkholder, Edmonton, and Mrs. Robert Neill, (Agnes Mercer) Peterborough.

The Directors' and Alumnae Banquet

The Directors' and Alumnae banquet was held in the dining room Tuesday evening at seven o'clock. Over three hundred guests were present and the program proved to be memorable and delightful. The outstanding thought which was manifested again and again in the words of the various speakers, was that while great workers of the past must be remembered reverently and gratefully, the College will continue to achieve greater heights. Dr. C. F. McGillivray and Mrs. J. C. Webster were the toastmasters. Solos were rendered at different intervals throughout the evening.

CHAMPION PATENT BUGGY

Has No Equal for simplicity of construction. The only
Noisless Spring in the market—attached without bolts
or shackles. Very easy to ride in Durable and finely
finished.

Patented and Manufactured by
R. McLAUGHLIN,
OSHAWA, ONTARIO.

Having Driven one of Mr. McLaughlin's bug-
gies with the new patent springs, I can heartily
endorse the above advertisement. Parties from
a distance may rely upon Mr. McLaughlin's state-
ment or promises, as he is generally known to be
a most conscientious as well as skillful manufac-
turer.
J. J. HARE, Principal, O.L.C.

In 1887 This Advertisement appeared in the "SUNBEAM"

(official publication of ONTARIO LADIES' COLLEGE)

Forty-seven years ago, at the height of the horse
and buggy era, the name McLaughlin was accept-
ed as the standard of quality in carriages. Today,
among fine automobiles, the name McLaughlin,
coupled with that of Buick, identifies Canada's

Standard Motor Car. It has been said that when
better automobiles are built, McLaughlin-Buick
will build them. And never before has this fact
been so clearly demonstrated as in the present
1934 series of McLaughlin-Buick automobiles.

HEINTZMAN

*When Piano and Artist
Seem One . . .*

THE Heintzman Piano is the ideal medium for the creation of beautiful music. So perfect is the tone of this matchless instrument, so responsive is its touch to the desire or whim of the player, that artist and instrument seem one. Only through Heintzman can you obtain such perfection—the one Canadian piano whose supremely high quality is known and admired in every music centre of the world.

A Lesson on MILK

Pure milk means receiving milk from healthy herds . . . careful handling from farm to dairy—complete pasteurizing and bottling in sterile bottles. That's the way City Dairy milk is cared for.

City Dairy

Milk - Cream - Buttermilk - Homogenized Milk
Jersey Milk - Butter - Ice Cream

THE LABEL
OF
DISTINCTIVE
KNITWEAR

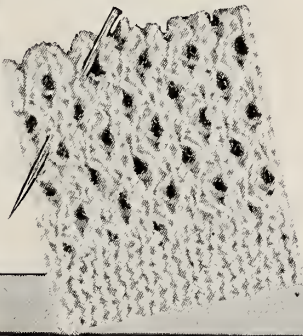

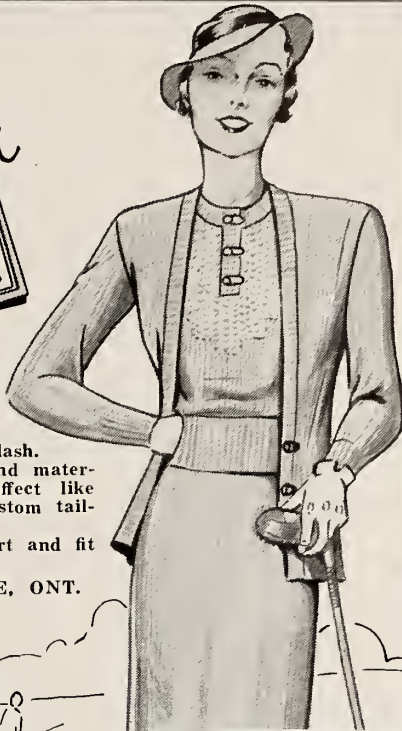

Yes! and whether you spend your summer in shorts and sweaters or all swanked out in perfect sports clothes, we have styles you will love—because they have just the right amount of dash.

Your own combination of colours and materials—some with that hand knitted effect like the photograph at the bottom—and custom tailoring. Everything you could want.

Our bathing suits are new and smart and fit like the proverbial glove.
